Comments/TA Provided:

An unannounced visit was conducted on this date. During the visit we reviewed staff records, they have one new staff. Was unable to verify training on STARS summary, Valerie will get with STARS this afternoon to ensure training is credited. Reminded Valerie that staff could not work until training is completed as she is over her 90 days. Discussed staff/child ratios, and group sizes with staff. Discussed how things were going with attendance and lunch breaks. They do have staff coming in during the lunch hour to help cover breaks. Attendance is being completed per staff/child. Reviewed a few days for compliance. Attendance is current and up to date. There are 8 children with Michelle 4, 2 yr olds, and 4 3yr olds There are 11 children 3-5 with Trisha. Valerie came to the visit while licensers were at the facility. Please call me with any questions. Thank you!
