Comments/TA Provided:

Compliance monitoring visit done this day to follow up on the playground surfacing depth. 15 children are in the preschool room with 2 staff. The playground surfacing depth of 6" of uncompressed loose surfacing needs to extend 6' around the sides and slide ends of the climbing/slides structure. The surfacing depth of 9" of uncompressed loose surfacing needs to extend 14' in front of and 14' behind the swings and 6' from the ends of the swingset. The overhead bars need a dept of 6" of uncompressed loose surfacing under and extended 6' from all sides of the structure. TA: Children may not attend the licensed programs until child enrollment records are in place. All children present in the licensed programs must be recorded on the child attendance.
